Masonry 4th Edition

NCCER's 4th edition of Masonry Levels 1-3 was developed in conjunction with subject matter experts, representing both industry and academia, who cover a range of topics to create an even stronger masonry curriculum.

Key features of Masonry Levels 1-3 include:

- 1 **Three years** of apprenticeship-style training in residential and commercial masonry construction as well as specialty applications such as restoration.
- 2 A focus on **hands-on skills** to prepare trainees for the speed and craftsmanship needed in masonry.
- 3 **Foundational topics** such as safety, tools, installation, estimating, materials, drawings and more.
- 4 Contributions from the National Concrete Masonry Association (**NCMA**), Mason Contractors Association of America (**MCAA**) and Florida Concrete Masonry Education Council (**FCMEC**).

About NCCER

NCCER is a not-for-profit 501(c)(3) education foundation created by the construction industry to develop standardized curriculum and assessments with portable credentials and certifications for skilled craft professionals.
